Memorandum

To: **Celina Planning and Zoning Commission**
From: Robyn Miga, Planner
Date: November 28, 2017
Re: Introduction of new Planning & Development Services Director Alexis Jackson.

Action Requested:

Introduction of new Planning & Development Services Director Alexis Jackson.

Alexis Jackson is a senior planning professional with a demonstrated record of accomplishment, capable of combining critical thinking, with a strong work ethic and effective communication skills. Mrs. Jackson has over 17 years of experience in urban planning and urban design. She has managed a wide variety of community planning projects while also contributing as a senior planner on numerous local, state and federal planning projects. Professional areas of expertise include; comprehensive planning, redevelopment, urban design, land use and zoning analysis, and public involvement with an emphasis on integrating technology and social media tools.

Mrs. Jackson received her Masters of Urban and Regional Planning from the University of Florida in 2002. She received her American Institute of Certified Planners registration in 2007. She has practiced extensively throughout the State of Florida and the State of Texas.

She is active in both the American Planning Association and the Congress for the New Urbanism. Mrs. Jackson has served as a board member for the North Central Texas section of the APA.

Alexis considers herself a Texan, although she was born and raised in Florida. (She got here as fast as she could 10 years ago.) She is an avid college football fan and tailgater. On the weekends, you can either find her on the playground chasing after her 3-year-old son, Wyatt or watching sports with her husband, Ben. Alexis loves to travel as well. Her favorite destination these days typically involves palm trees and white sand beaches. One of her most fond travel memories was running with the bulls in Pamplona.

- E. The Planning and Zoning Commission will conduct a public hearing to consider testimony and act upon a rezoning request for an ± 18.604 acre tract of land situated in the Collin County School Land Survey, Sheet 1, Tract 30, Abstract No. 167, from a zoning designation of C-1, retail district, to PD, Planned Development with a base zoning designation of C-1, the property is generally located at the southwest corner of Preston Road and Ash Street. (Celina Crossing Zoning)
Staff provided an overview of the zoning case and explained that the main purpose of the Planned Development was to allow for the use of a quasi-public street to be owned and maintained by the property owner's association, which would help the development with the flow of the overall property and the need for street frontage. Staff also explained that the entire tract would meet the Preston Road Overlay standards, even though the entire tract was not completely in the PRO.
Dale Bainum, 3541 Heritage Trail, requested the city ensure that there is recourse in order to force the property owner to maintain the street adequately should it ever be in disrepair.
Rodriguez explained that it would have to be brought up to standard if it were in disrepair.
Commissioner Haley moved to approve the zoning case.
Seconded by Commissioner Barley.
Motion passed 7-yes; 0-no.
- F. Consider and act upon a General Development Plan for Celina Crossing, being an ± 18.604 acre tract of land situated in the Collin County School Land Survey, Sheet 1, Tract 30, Abstract No. 167, the property is generally located at the southwest corner of Preston Road and Ash Street. (Celina Crossing GDP)
Staff provided an overview of the request.
Commissioner Terry moved to approve the GDP pending zoning approval at City Council on November 14, 2017.
Seconded by Commissioner Haley.
Motion passed 7-yes; 0-no.

- G. Consider and act upon a General Development Plan for Jalopies, being an ±25 situated in the Arthur A. Norwood Survey, Abstract No. 969, the property is generally located west of Smiley Road, south and east of FM 428, north of Carey Road. (Jalopies GDP)

Staff provided an overview of the request.

Commissioners discussed the entire scope of the Jalopies project and had concerns about how it would work as a whole.. Since the applicant was not present to answer further questions regarding specifics of the development, commissioners motioned to table to further discuss when the applicant was present.

Commissioner Terry moved to table the item.

Seconded by Commissioner Hangartner.

Motion passed 7-yes; 0-no.

 Re: Summerview East Replat

Action Requested:

The Planning & Zoning Commission will conduct a public hearing to consider testimony and act upon a residential replat in Summerview Country Estates, being a 3.247 acre tract of land situated in the Levin Routh Survey, Abstract No. 779, Collin County, Texas. The property is generally located east of Summerview Lane and north of Choate Parkway. (Summerview East Replat)

Background Information:

The applicant has submitted a request to replat a single 2.578 acre lot in Summerview Estates into 2 lots that are each 1.289 acres in size. Additionally, the applicant is establishing a private access easement on the lots to provide adequate access to both lots via a circular drive.

Summerview Estates is a development within the City's Extra-Territorial Jurisdiction. In 2008 the City approved a Replat to divide an lot within this subdivision into two. Due to the subdivisions ETJ status there are no minimum or maximum lot sizes required within the subdivision.

Collin County has not yet approved the OSSF, septic facility plan for these lots.

Board Review/Citizen Input:

Staff sent notices to property owners within 200 feet of the subject property notifying them of the applicants request. No letters either for or against the proposal have been received.

- Proposed replat

Staff Recommendation:

Staff recommends approval pending all comments being addressed prior to its placement on a City Council agenda.

COLLIN COUNTY NOTES:

1. "Collin County permits are required for building construction, and on-site sewage facilities."
2. There is an existing structure with an existing OSSF on Lot 4A.
3. There are no water wells noted in this subdivision and no water wells are allowed without prior approval from Collin County Development Services.
4. Tree removal and/or grading for OSSF may be required on individual lots.
5. Individual site evaluations and OSSF design plans (meeting all State and County requirements) must be submitted to and approved by Collin County for each lot prior to construction of any OSSF system.
6. NOTE: This OSSF Review shall remain valid for twelve (12) months from the date of approval, after which it will be automatically void
7. Must maintain state-mandated setback of all On-Site Sewage Facility components from any/all easements and drainage areas, water distribution lines, sharp breaks and/or creeks/ponds, etc. (Per State regulations).
8. Lot 4A has an existing dwelling. The existing OSSFs on Lot 4A is an alternative system. Any proposed change to the existing structure/dwelling or change to the OSSF must be reviewed by CCDS prior to construction/connection for compliance with OSSF regulations.

HEALTH DEPARTMENT CERTIFICATION

I hereby certify that the onsite sewer facilities described on this plat conform to applicable OSSF laws of the State of Texas, of Texas, that site evaluations have been submitted representing the site conditions in the area in which on-site sewage facilities are planned to be used.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

That Hamid Niyati, Fatemeh Sabetpour and Pejman Niyati acting herein, does hereby adopt this plat designating the herein above described property as Replat of the Summerview Country Estates, Block A, Lots 1R-A and 1R-B, Being a replat of Block A, Lot 1 of the Summerview Country Estates an addition to Collin County, Texas, as recorded in Cabinet M, Page 420 of the Plat Records of Collin County, Texas, and does hereby dedicate, in fee simple to the public use forever, the streets, rights-of-way, and other public improvements shown thereon. The streets and alleys, if any, are dedicated for street purposes. The easements and public use areas, as shown, are dedicated, for the public use forever, for the purposes indicated on this plat. No buildings, fences, trees, shrubs or other improvements or growths shall be constructed or placed upon, over or across the easements as shown, except that landscape improvements may be placed on landscape easements, if approved by the Commissioners Court. In addition, utility easements may also be used for the mutual use and accommodation of all public utilities desiring to use or using the same unless the easement limits the use to particular utilities, said use by public utilities being subordinate to the public's use thereof. Collin County, and public utility entities shall have the right to remove and keep removed all or parts of any buildings, fences, trees, shrubs or other improvements or growths which may in any way endanger or interfere with the construction, maintenance, or efficiency of their respective systems in said easements. Collin County, and public utility entities shall at all times have the full right ingress and egress to or from their respective easements for the purpose of constructing, reconstructing, inspecting, patrolling, maintaining, reading meters, and adding to or removing all or parts of their respective systems without the necessity at any time procuring permission from anyone. This plat approved subject to all platting ordinances, rules, regulations and resolutions of Collin County, Texas.

Memorandum

To: **Celina Planning and Zoning Commission**
 From: Ben Rodriguez, Senior Planner
 CC: Jason Laumer, City Manager
 Date: November 28, 2017
 Re: Pecan Street PD

Action Requested:

The Planning & Zoning Commission will conduct a public hearing to consider testimony and act upon a rezoning request for a Planned Development with a base zoning district of C-1, Retail being a .17 acre tract of land situated in the Celina Original Donation, Block 51, Lot 1, more specifically defined as 311 E. Pecan Street. The property is generally located at the southwest corner of East Pecan Street and New Mexico Dr. (Pecan Street PD)

Background Information:

The applicant is requesting consideration of a Planned Development to propose a reduction in the City's setbacks within the C-1, retail zoning district.

Previously the City zoned all residential lots alongside East Pecan Street as C-1, Retail to encourage the area to develop as a commercial corridor leading into the downtown area. However, if the lot requirements for the C-1, Retail district as currently written were enforced on the property a pad size approximately 12 feet wide by 80 feet deep would remain. This would render the site undevelopable under the City's current ordinances.

The proposed PD reduces the building setback requirements in order to allow for a 1,100 square foot restaurant.

Additionally, the applicant is requesting a reduction in the front yard landscaping in order to utilize that landscaping in the rear yard. The applicant is proposing to move the current drainage channel onto their property in order to utilize it as an outdoor amenity for their patrons.

Finally, due to the small scale of the development, the staff has been working with the applicant on ways to incorporate on-street parking for the development. The current lot arrangement makes on-site parking difficult to accommodate. The applicant is providing additional right-of-way along New Mexico to accommodate the parking of cars.

Conformance with the Comprehensive Plan:

The proposed rezoning is in conformance with the Comprehensive Plan. The property is designated as Urban Center/Mixed use on the City's Comprehensive Plan. The Urban Center/Mixed Use district encourages a similar character of development as the City's Historic District, (limited setbacks, on street parking etc.)

Board Review/Citizen Input:

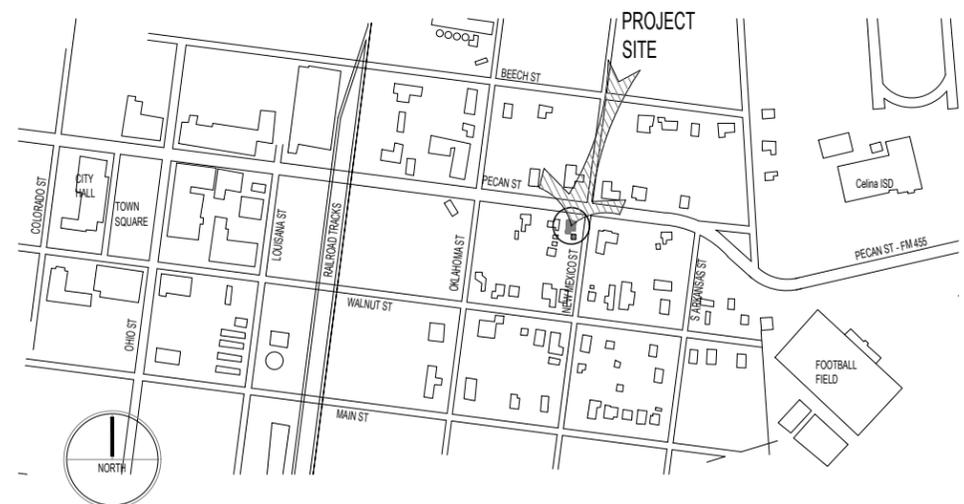

A notice of public hearing was published in the Celina Record on November 10, 2017. Notices of the public hearing were sent to all property owners, as indicated by the most recently approved City of Celina Tax Rolls, who are located within 200 feet of the subject property. As of Friday, November 22, 2017, no letters in favor or opposition had been received.

Planned Development Regulations

Section 14.03.-24 C-1 Retail District applies with the following revisions:

14.03.024.d.1.B Minimum Lot Width 50-feet

14.03.024.d.2.A Minimum front yard 10 feet.

14.03.024.d.2.B Minimum side yard. 5-feet; 10 feet adjacent to a public street.

14.03.024.5 Minimum building separation for nonresidential structures. There shall be a separation between structures composed of distance and/or fire rated construction to meet the city's Fire Code and the current Building Code.

14.05.045.6 Necessary access ways from the public right-of-way shall be permitted through all perimeter landscaping required in section 14.05.086.b. The width of all access ways shall be between 25 feet for non-residential two-way movements...

Sec. 14.05.046 Off Street Parking requirements based upon use

- The applicant may provide on street parking in lieu of off street parking provided that supplied on street parking is accommodated by the increase in right of way being provided by the site to mitigate the effects of vehicles parked within the right of Way.
- Off Street parking shall be a minimum of 1 space per 150 sqft of floor area.

14.05.086.a.2 Minimum front yard Landscaping. Percentage of landscaping in the front yard. In all nonresidential zoning districts, not less than 20% of the landscaping shall be located in the required front yard and shall be in accordance to subsection (c) below (open space landscaping requirements). In calculating the amount of landscaping for the front yard, if landscape areas within off-street parking/vehicular use areas are within the front yard, then they shall be counted towards the 15% landscaping minimum.

14.05.086.b Minimum landscaping requirements for off-street parking and vehicular use areas.

b.1 Interior landscaping shall not be required.

14.05.086.b.1.A Whenever an off-street parking or vehicular use area abuts a public right-of-way, except a public alley, a perimeter landscape area of at least 3 feet in depth shall be maintained between the abutting right-of-way and the off-street parking or vehicular use area. An appropriate landscape screen or barrier shall be installed in this area and the remaining area shall be landscaped with at least grass or other ground cover.

14.05.086.b.1.B Tree minimum. – One tree with a minimum of 3 caliper inches shall be required.

14.05.086.b.2 Perimeter landscaping. All parking lots and vehicular use areas shall be screened from all abutting properties and/or public rights-of-way with a minimum one-foot buffer containing a wall, fence, hedge, berm or other durable landscape barrier.

14.05.086.b.2.A Whenever an off-street parking or vehicular use area abuts a public right-of-way, except a public alley, a perimeter landscape area of at least 3 feet in depth shall be abutting right-of-way and the off-street parking or vehicular use area. An appropriate landscape screen or barrier shall be installed in this area and the remaining area shall be landscaped with at least grass or other ground cover.

14.05.152.6.A Construction standards. Facade articulation of at least three feet in depth or offset shall be required for every 40 feet in horizontal surface length.

 Re: Firehouse PD

Action Requested:

The Planning & Zoning Commission will conduct a public hearing to consider testimony and act upon a rezoning request for a Planned Development with a base zoning district of HD, being a .32 acre tract of land situated in the Celina Original Donation, lot 17 and 18, block 7, more specifically defined as 203 W. Pecan and 206 N. Louisiana. The property is generally located at the northwest corner of North Louisiana Drive and West Pecan St. (Firehouse PD)

Background Information:

The property owner has requested that this property be rezoned from its current zoning of HD, Historic Downtown District, to PD, Planned Development with a base zoning of HD to allow for the use of a silk screen printing/T-shirt shop.

The applicant currently owns Firehouse Shirt Company and is looking to expand their business. The applicant stated that they will use the front portion of the building, which fronts Pecan St., for retail with the possibility of a restaurant in the future, and the screen printing would be done in the rear portion of the building within the old auto repair garage.

The property will still be required to go through all processes that are required for the Historic Preservation Commission for any exterior changes to the building including signage or painting schemes.

Conformance with the Comprehensive Plan:

The Historic Downtown is a component of the Urban Center/Mixed use designation. The Urban Center/Mixed classification within the Comprehensive Plan promotes the redevelopment and/or reuse of existing structures.

Board Review/Citizen Input:

Public Notice was published in the Celina Record on November 10, 2017. Notices of the public hearing were also sent to all owners of property residing within the City Limits, as indicated by the most recently approved Collin County tax rolls, who are located within 200 feet of the subject property. As of the time of packet preparation, staff had not received any letters of support for the zoning case.

 Re: Greenway 63 DA

Action Requested:

The Planning & Zoning Commission will conduct a public hearing to consider testimony and act upon a consideration of proposed land use regulations for Greenway 63 Extraterritorial Jurisdiction Development Agreement. The property is an approximately 53.154 acre tract of land situated in the I.C. Williams Survey, Abstract No. 943, Collin County, Texas, and an approximately 10 acre tract of land situated in the I.C. Williams Survey, Abstract No. 943, both properties are generally located north of CR 51, east of Dallas Parkway, west of Preston Road, and south of FM 428 (Glendenning Parkway). (Greenway 63 DA)

Background Information:

An application has been made from the Greenway 63 development for a Development Agreement with the City of Celina for an approximately 63.15 acre tract of land in the ETJ. This Development Agreement outlines the development regulations and other considerations prior to the annexation and subsequent zoning of the property. The proposed Development Agreement is the mechanism that allows the property owner to be vested. These regulations will also be mimicked in the Greenway 63 Planned Development agenda item.

Land Use

GREENWAY 63 LOT SUMMARY

Max	169	30	116	315
Min	130	15	85	230

Both the 40' and 50' lots will be rear entry only with alleys so that the front facade of the house is more than a garage. One of the unique parts of this development that is unlike some of our other subdivisions is the use of mews streets with the 40' lots. A mews is defined by the Planned Development as being a minimum of 25' of an open space area to serve as a yard for the smaller lot widths. The mews will be owned and maintained by the HOA.

Density

The property will have a maximum of number of 315 single-family units, and will be required to have one acre

of open space for every 75 dwelling units.

Open Space

The open space will include a 12' wide hike and bike trail, as well as a 20' landscape buffer with a meandering 10' sidewalk along future Celina Parkway. A minimum of two acres shall be non-floodplain open space, and other amenities may include a community pool, playgrounds, and other landscaped open areas.

Board Review/Citizen Input:

Notice of the public hearing was published in the Celina Record on November 10, 2017. Notices of the public hearing have been sent to all owners of property, as indicated by the most recently approved City of Celina tax rolls, who are located within 200 feet of the subject property. Development Standards

PROJECT LOCATION

The property is located just southeast of the intersection of two major arterial roads. The proposed Planned Development (the “PD”) offers greater flexibility in Single Family detached development. Therefore, to achieve this flexibility and to provide greater housing choices, creating the PD under Section 14.03.031 of the City’s Zoning ordinance is required. Submitted under Section 14.03.031 as a Concept Plan, this PD will provide:

- Increased amount of single family development with an expanded range of housing choices through a diversity of lot sizes ranging from 40-60 feet in width.
- Open space and mews (a row or group of houses built adjacent or around an open space or yard maintained by the HOA) to promote neighborhood community interaction and other physical assets as amenities. Mews shall be minimum twenty-five feet (25’) in width and maximum four hundred feet (400’) in length and include a five foot (5’) wide sidewalk.
- Internal sidewalks will be five feet (5’) wide to allow two people to walk side by side.
- A twelve foot (12’) wide walking trail with at least six (6) benches near streets and trail.
- Mailboxes faced away from the road, but have twelve foot (12’) sidewalk or flagstone from road to cluster boxes.

PROPOSED CONDITIONS

PROPOSED LAND USES

The proposed development is in accordance with the City of Celina Comprehensive Plan dated April, 2013 by increasing Suburban Moderate-High Residential (Suburban Mix) land use category. The following land uses are proposed:

- Base zoning district SF-R
- Suburban Moderate-High Residential (Suburban Mix)
 - Single family detached dwellings with varying lot sizes with a minimum of 4,000 SF.
- Open Space/Park Space
- Amusement and Recreation Services

PROPOSED THOROUGHFARES/ACCESS

The proposed development will utilize the existing Master Thoroughfare Plan Amended October 2017. In addition to the designating Rights of Way according to the Master Thoroughfare Plan, a divided subdivision entrance will be utilized for internal traffic circulation, and street stubs to adjacent property for future connectivity.

CONCEPT PLAN

The Concept Plan locates the proposed land uses outlined within the Property. All land uses shall conform to the SF-R Regulations as they exist at the time of development. The proposed development

should have unified and consistent design elements and provide an integrated development that follows the Comprehensive Plan dated April 2013 and compliments the City of Celina.

DEVELOPMENT REGULATIONS

Tract

Single Family Residential District the intent is to allow a mixture of single family lot sizes provided that the overall density within such SF area shall not exceed five (5) units to the gross acre or 315 lots. For single family lots, the permitted and conditional uses, as well as the regulations, under Section 14.03.008 of the City of Celina’s zoning ordinance shall apply, except as set forth herein, and further defined as Lot Types 1, 2, and 3 below.

SINGLE-FAMILY

PERMISSIBLE USES

The following uses shall be allowed:

1. Agricultural Uses – Agricultural uses whose products are grown primarily for home consumption, such as domestic gardening, berry or bush crops, tree crops, flower gardening, orchards, and aviaries.
2. Residential Uses: Single-family detached dwellings
3. Community Facility Uses
 - A. Public and private parks;
 - B. Recreational and open space including but not limited to playgrounds, parkways, greenbelts, ponds and lakes, botanical gardens, pedestrian paths, bicycle paths, equestrian bridle trails, nature centers, bird and wildlife sanctuaries;
 - C. Amenity centers.
4. Temporary structure for storage of building materials and equipment used for initial residential construction, when on the same or adjoining lot, for a period not to exceed the duration of the construction. This shall include temporary trailers for construction and sales activity. Building material storage will be allowed adjacent to temporary trailers or in a lot designated for storage.
5. Manufactured and/or modular homes are prohibited in this PD district.

RESIDENTIAL DESIGN GUIDELINES

I. Lot Type Regulations

The PD will include a variety of lot types in order to achieve the goals established for the district. The lot types and requirements for each shall be as follows:

A. Lot Type 1:

1. Purpose: This lot type is designed to allow single family detached dwellings on lots of not less than four thousand (4,000) square feet, together with the allowed incidental and accessory uses.
2. Height Regulations: No building shall exceed forty-five feet (45') or two and one-half (2-1/2) stories in height to the highest point of its roof.

3. Area Regulations: The following minimum standards shall be required as measured from property lines:

Lot Size:	Four thousand (4,000) square feet.
Lot Coverage:	The maximum Lot Coverage shall not exceed sixty-five percent (65%) excluding flatwork, ie sidewalks and driveways.
Minimum Floor Area:	The minimum square footage of a dwelling unit, exclusive of garages, breezeways and porches, shall be fifteen hundred (1,500) square feet.
Front Yard:	Fifteen feet (15') setback line when garage doors face the alley. Covered Front Porches may extend over the front building setback line up to five feet (5'). Key lots shall have two (2) front yards.
Rear Yard:	Twelve feet (12') minimum main building for rear alley lots and ten feet (10') on front entry lots. Twenty feet (20') minimum garage setback measured from the Right of Way (ROW). This setback, coupled with the alley parkway, shall insure that the alleys are passable at all times.
Side Yard:	Five feet (5') minimum. Fifteen feet (15') minimum when adjacent to street.
Lot Width:	Forty feet typical (40') at building line; thirty-five feet (35') minimum (@ right-of-way) on cul-de-sac and knuckle lots. Lot frontage along alleys shall be fifteen feet (15') minimum.
Lot Depth:	One hundred feet (100') minimum. Eighty-five feet (85') minimum on cul-de-sac and knuckle lots.
Garage Orientation:	Shall face the alley with twenty feet (20') minimum setback.

B. Lot Type 2:

1. Purpose: This lot type is designed to allow single family detached dwellings on lots of not less than five thousand (5,000) square feet, together with the allowed incidental and accessory uses.
2. Height Regulations: No building shall exceed forty-five feet (45') or two and one-half (2-1/2) stories in height to the highest point of its roof.
3. Area Regulations: The following minimum standards shall be required as measured from property lines:

Lot Size:	Five thousand (5,000) square feet.
Lot Coverage:	The maximum Lot Coverage shall not exceed sixty-five percent (65%) excluding flatwork, ie sidewalks and driveways.
Minimum Floor Area:	The minimum square footage of a dwelling unit, exclusive of garages, breezeways and porches, shall be fifteen hundred (1,500) square feet.
Front Yard:	Fifteen feet (15') setback line when garage doors face the alley. Covered Front Porches may extend over the front building setback line up to five feet (5'). Key lots shall have two (2) front yards.
Rear Yard:	Twelve feet (12') minimum main building for rear alley lots and ten feet (10') on front entry lots. Twenty feet (20') minimum garage setback measured from the Right of Way (ROW). This

	setback, coupled with the alley parkway, shall insure that the alleys are passable at all times.
Side Yard:	Five feet (5') minimum. Fifteen feet (15') minimum when adjacent to street.
Lot Width:	Fifty feet typical (50') at building line; forty feet (40') minimum (@ right-of-way) on cul-de-sac and knuckle lots. Lot frontage along alleys shall be fifteen feet (15') minimum.
Lot Depth:	One hundred feet (100') minimum. Eighty-five feet (85') minimum on cul-de-sac and knuckle lots.
Garage Orientation:	Shall face the alley with twenty feet (20') minimum setback.

C. Lot Type 3:

1. Purpose: This lot type is designed to allow single family detached dwellings on lots of not less than six thousand six hundred (6,600) square feet, together with the allowed incidental and accessory uses.
2. Height Regulations: No building shall exceed forty-five feet (45') or two and one-half (2-1/2) stories in height to the highest point of its roof.
3. Area Regulations: The following minimum standards shall be required as measured from property lines:

Lot Size:	Six thousand six hundred (6,600) square feet.
Lot Coverage:	The maximum Lot Coverage shall not exceed sixty-five percent (65%) excluding flatwork, ie sidewalks and driveways.
Minimum Floor Area:	The minimum square footage of a dwelling unit, exclusive of garages, breezeways and porches, shall be eighteen hundred (1,800) square feet.
Front Yard:	Twenty feet (20') setback line in all instances, however, covered Front Porches may extend over the front building setback line up to five feet (5'), but the garage door must remain at or behind the main structure. Key lots have two (2) front yards.
Rear Yard:	Ten feet (10') minimum.
Side Yard:	Five feet (5') minimum. Fifteen feet (15') minimum when adjacent to street.
Lot Width:	Sixty feet typical (60') at building line; twenty feet (20') minimum (@ right-of-way) on cul-de-sac lots and knuckle lots, flag lots are allowed.
Lot Depth:	One hundred ten feet (110') minimum. Eighty-five feet (85') minimum on cul-de-sac lots.
Garage Orientation:	May face the street. Front facing garages must be flush or setback to align with the front façade of the house. J-Swing garages are allowed. J-Swing garages can encroach the front setback up to five feet (5').

D. Lot Summary Table:

GREENWAY 63 LOT SUMMARY

CONDITIONAL USES

Uses allowed as conditional uses in the SF-R District (Section 14.03.008) as outlined in the City of Celina Zoning Ordinance No 2017-30, as amended.

DISTRICT REGULATIONS

It is the intent of this Ordinance that all uses permitted by the PD conform to the applicable City of Celina development guidelines as they exist at the time of development.

OTHER DEVELOPMENT REGULATIONS**HOMEOWNERS/PROPERTY OWNERS ASSOCIATION**

Homeowner Association(s) will be established as each residential or nonresidential parcel of land is developed. The PD shall contain one or multiple Homeowner/Property Owner Association(s).

OPEN SPACE

The PD will dedicate one acre of open space for every 75 dwelling units. A minimum of 2.0 acres shall be non-floodplain open space. The remaining open space acreage may consist of any pervious areas including publicly accessible detention/drainage facilities (wet ponds included), natural open space areas including floodplain, open spaces with easements passing through, open spaces with walking, hiking, and/or bike trails, and public or private parks. Any detention/drainage areas counted toward the open space requirement shall be landscaped and amenitized with benches and sidewalks on a minimum of three (3) sides. The Open Space and mews shall be owned and maintained by the Homeowner Association. Trees shall be allowed in side yards on mews lots. The amenities may include, but are not limited to; community pool, restrooms, playground/children’s playscape, hike and bike trail, and landscaped open areas.

CONCEPT PLAN

November 9, 2017 - 5

The Concept Plan demonstrates locations and relationships of the uses permitted under this PD. Because of anticipated development dynamics, it is anticipated that the overall Concept Plan will change from time to time.

An amendment to a concept plan approved as a part of the ordinance establishing the planned development district is a change in zoning district classification and must follow the same procedures set forth in Section 14.02.152, except the director of planning and development may approve minor revisions which do not alter the basic relationship of the proposed development to adjacent property, the uses permitted, increase the density, building height, coverage of site, off street parking ratio, or area regulations as indicated on the approved concept plan.

SCREENING & LANDSCAPE BUFFERS

Screening (6' masonry) shall be required for lots adjacent to County Road 52 (Celina Parkway). Screening (8' board on board fence) shall be required for lots adjacent to the entrance as well as for lots backing to the cemetery property. Black metal tubular fence shall be required on lots adjacent to or backing on open spaces. Landscape buffers shall be required for all lots adjacent to the entrance road and County Road 52 (CR 52). The landscape buffer shall be ten feet (10') in width along the entrance road. The landscape buffer shall be a minimum of twenty feet (20') along CR 52 with a meandering ten foot (10') sidewalk in width along CR 52.

City of Celina, Texas

Memorandum

To: **Celina Planning and Zoning Commission**
 From: Robyn Miga, Planner
 CC: Jason Laumer, City Manager
 Date: November 28, 2017
 Re: Greenway 63 Zoning

Action Requested:

The Planning & Zoning Commission will conduct a public hearing to consider testimony and act upon a rezoning request for a Planned Development with a base zoning district of SF-R, an approximately 53.154 acre tract of land situated in the I.C. Williams Survey, Abstract No. 943, Collin County, Texas, and an approximately 10 acre tract of land situated in the I.C. Williams Survey, Abstract No. 943, both properties are generally located north of CR 51, east of Dallas Parkway, west of Preston Road, and south of FM 428 (Glendenning Parkway). (Greenway 63 PD)

Background Information:

The property owners have requested that this property be rezoned from its current zoning of AG, Agriculture, to PD, Planned Development with a base zoning of SF-R, Single-Family Residential. The total acreage of the area to be rezoned is approximately 63.15 acres

The proposed PD mirrors the ETJ Development Agreement Land Use item that is prior to this item on the agenda. The Development Agreement is necessary to vest the property, but the property owners are moving forward with annexation and zoning immediately.

Land Use

GREENWAY 63 LOT SUMMARY

Max	169	30	116	315
Min	130	15	85	230

Both the 40' and 50' lots will be rear entry only with alleys so that the front facade of the house is more than a garage. One of the unique parts of this development that is unlike some of our other subdivisions is the use of mews streets with the 40' lots. A mews is defined by the Planned Development as being a minimum of 25' of an open space area to serve as a yard for the smaller lot widths. The mews will be owned and maintained by the HOA.

Density

The property will have a maximum of number of 315 single-family units, and will be required to have one acre of open space for every 75 dwelling units.

Open Space

The open space will include a 12' wide hike and bike trail, as well as a 20' landscape buffer with a meandering 10' sidewalk along future Celina Parkway. A minimum of two acres shall be non-floodplain open space, and other amenities may include a community pool, playgrounds, and other landscaped open areas.

Board Review/Citizen Input:

Notice of the public hearing was published in the Celina Record on November 10, 2017. Notices of the public hearing have been sent to all owners of property, as indicated by the most recently approved City of Celina tax rolls, who are located within 200 feet of the subject property. No letters of opposition or in favor were received by Friday, November 22, 2017.

PLANNED DEVELOPMENT – GREENWAY 63

Attachment: Greenway 63 PD Regs-11.21.2017 (Greenway 63 Zoning)

INTRODUCTION

SUMMARY AND INTENT

This zoning submittal addresses the disposition of approximately 63 acres of land within the City of Celina, more fully described on Exhibit A (the “Property”) and depicted on Exhibit C. The uses proposed for the Property are being amended to more closely follow the intent of the City of Celina Comprehensive Plan dated April 2013. It is the intent of the Planned Development (PD), to clearly identify the zoning region by metes & bounds, and to offer greater flexibility for the residential development.

This zoning submittal promotes development that is consistent with the future land use plan within the Regional Activity Center. The PD will provide an expanded range of housing choices through varying lot sizes of Single Family detached housing that currently is unavailable under the active zoning ordinance and by doing so will follow current market trends observed in surrounding cities.

PROJECT LOCATION

As shown in Exhibit B, the proposed PD is located in south Celina. A legal description (Exhibit A) and Zoning Exhibit (Exhibit C) is provided in this document.

The property is located just southeast of the intersection of two major arterial roads. This proposed Planned Development offers greater flexibility in Single Family detached development. Therefore, to achieve this flexibility and to provide greater housing choices, creating the PD under Section 14.03.031 of the City’s Zoning ordinance is required. Submitted under Section 14.03.031 as a Concept Plan, this Planned Development will provide:

- Increased amount of single family development with an expanded range of housing choices through a diversity of lot sizes ranging from 40-60 feet in width.
- Open space and mews (a row or group of houses built adjacent or around an open space or yard maintained by the HOA) to promote neighborhood community interaction and other physical assets as amenities. Mews shall be minimum twenty-five feet (25’) in width and maximum four hundred feet (400’) in length.
- Internal sidewalks will be five feet (5’) wide to allow two people to walk side by side.
- A twelve foot (12’) wide walking trail with at least six (6) benches near streets and trail.
- Mailboxes faced away from the road, but have twelve foot (12’) sidewalk or flagstone from road to cluster boxes.

EXISTING CONDITIONS

There is an existing aggregate and concrete batch plant operation to the east of this property. Glenn Crossing is located to the east of this property, and Light Farms is located to the south. All boundaries are county road or agriculture open space. The property is currently in agriculture use.

PROPOSED CONDITIONS

PROPOSED LAND USES

The proposed development is in accordance with the City of Celina Comprehensive Plan dated April, 2013 by increasing Suburban Moderate-High Residential (Suburban Mix) land use category. The following land uses are proposed:

- Base zoning district SF-R
- Suburban Moderate-High Residential (Suburban Mix)
 - Single family detached dwellings with varying lot sizes with a minimum of 4,000 SF.
- Open Space/Park Space
- Amusement and Recreation Services

PROPOSED THOROUGHFARES/ACCESS

The proposed development will utilize the existing Master Thoroughfare Plan Amended October 2017. In addition to the designating Rights of Way according to the Master Thoroughfare Plan, a divided subdivision entrance will be utilized for internal traffic circulation, and street stubs to adjacent property for future connectivity.

CONCEPT PLAN

Exhibit B identifies and locates the proposed land uses outlined within the Property. All land uses shall conform to the SF-R Regulations as they exist at the time of development. The proposed development should have unified and consistent design elements and provide an integrated development that follows the Comprehensive Plan dated April 2013 and compliments the City of Celina.

DEVELOPMENT REGULATIONS

Tract

Single Family Residential District the intent is to allow a mixture of single family lot sizes provided that the overall density within such SF area shall not exceed five (5) units to the gross acre or 315 lots. For single family lots, the permitted and conditional uses, as well as the regulations, under Section 14.03.008 of the City of Celina’s zoning ordinance shall apply, except as set forth herein, and further defined as Lot Types 1, 2, and 3 below.

SINGLE-FAMILY

PERMISSIBLE USES

The following uses shall be allowed:

1. Agricultural Uses – Agricultural uses whose products are grown primarily for home consumption, such as domestic gardening, berry or bush crops, tree crops, flower gardening, orchards, and aviaries.
2. Residential Uses: Single-family detached dwellings
3. Community Facility Uses
 - A. Public and private parks;
 - B. Recreational and open space including but not limited to playgrounds, parkways, greenbelts, ponds and lakes, botanical gardens, pedestrian paths, bicycle paths, equestrian bridle trails, nature centers, bird and wildlife sanctuaries;

November 8, 2017 - 3

- C. Amenity centers.
4. Temporary structure for storage of building materials and equipment used for initial residential construction, when on the same or adjoining lot, for a period not to exceed the duration of the construction. This shall include temporary trailers for construction and sales activity. Building material storage will be allowed adjacent to temporary trailers or in a lot designated for storage.
 5. Manufactured and/or modular homes are prohibited in this PD district.

RESIDENTIAL DESIGN GUIDELINES

I. Lot Type Regulations

The PD District will include a variety of lot types in order to achieve the goals established for the district. The lot types and requirements for each shall be as follows:

A. Lot Type 1:

1. Purpose: This lot type is designed to allow single family detached dwellings on lots of not less than four thousand (4,000) square feet, together with the allowed incidental and accessory uses.
2. Height Regulations: No building shall exceed forty-five feet (45') or two and one-half (2-1/2) stories in height to the highest point of its roof.
3. Area Regulations: The following minimum standards shall be required as measured from property lines:

Lot Size:	Four thousand (4,000) square feet.
Lot Coverage:	The maximum Lot Coverage shall not exceed sixty-five percent (65%) excluding flatwork, ie sidewalks and driveways.
Minimum Floor Area:	The minimum square footage of a dwelling unit, exclusive of garages, breezeways and porches, shall be fifteen hundred (1,500) square feet.
Front Yard:	Fifteen feet (15') setback line when garage doors face the alley. Covered Front Porches may extend over the front building setback line up to five feet (5'). Key lots shall have two (2) front yards.
Rear Yard:	Twelve feet (12') minimum main building for rear alley lots and ten feet (10') on front entry lots. Twenty feet (20') minimum garage setback measured from the Right of Way (ROW). This setback, coupled with the alley parkway, shall insure that the alleys are passable at all times.
Side Yard:	Five feet (5') minimum. Fifteen feet (15') minimum when adjacent to street.
Lot Width:	Forty feet typical (40') at building line; thirty-five feet (35') minimum (@ right-of-way) on cul-de-sac and knuckle lots. Lot frontage along alleys shall be fifteen feet (15') minimum.
Lot Depth:	One hundred feet (100') minimum. Eighty-five feet (85') minimum on cul-de-sac and knuckle lots.
Garage Orientation:	Shall face the alley with twenty feet (20') minimum setback.

B. Lot Type 2:

1. Purpose: This lot type is designed to allow single family detached dwellings on lots of not less than five thousand (5,000) square feet, together with the allowed incidental and accessory uses.
2. Height Regulations: No building shall exceed forty-five feet (45') or two and one-half (2-1/2) stories in height to the highest point of its roof.
3. Area Regulations: The following minimum standards shall be required as measured from property lines:

Lot Size:	Five thousand (5,000) square feet.
Lot Coverage:	The maximum Lot Coverage shall not exceed sixty-five percent (65%) excluding flatwork, ie sidewalks and driveways.
Minimum Floor Area:	The minimum square footage of a dwelling unit, exclusive of garages, breezeways and porches, shall be fifteen hundred (1,500) square feet.
Front Yard:	Fifteen feet (15') setback line when garage doors face the alley. Covered Front Porches may extend over the front building setback line up to five feet (5'). Key lots shall have two (2) front yards.
Rear Yard:	Twelve feet (12') minimum main building for rear alley lots and ten feet (10') on front entry lots. Twenty feet (20') minimum garage setback measured from the Right of Way (ROW). This setback, coupled with the alley parkway, shall insure that the alleys are passable at all times.
Side Yard:	Five feet (5') minimum. Fifteen feet (15') minimum when adjacent to street.
Lot Width:	Fifty feet typical (50') at building line; forty feet (40') minimum (@ right-of-way) on cul-de-sac and knuckle lots. Lot frontage along alleys shall be fifteen feet (15') minimum.
Lot Depth:	One hundred feet (100') minimum. Eighty-five feet (85') minimum on cul-de-sac and knuckle lots.
Garage Orientation:	Shall face the alley with twenty feet (20') minimum setback.

C. Lot Type 3:

1. Purpose: This lot type is designed to allow single family detached dwellings on lots of not less than six thousand six hundred (6,600) square feet, together with the allowed incidental and accessory uses.
2. Height Regulations: No building shall exceed forty-five feet (45') or two and one-half (2-1/2) stories in height to the highest point of its roof.
3. Area Regulations: The following minimum standards shall be required as measured from property lines:

Lot Size:	Six thousand six hundred (6,600) square feet.
Lot Coverage:	The maximum Lot Coverage shall not exceed sixty-five percent (65%) excluding flatwork, ie sidewalks and driveways.
Minimum Floor Area:	The minimum square footage of a dwelling unit, exclusive of garages, breezeways and porches, shall be eighteen hundred (1,800) square feet.
Front Yard:	Twenty feet (20') setback line in all instances, however, covered Front Porches may extend over the front building setback line

	up to five feet (5'), but the garage door must remain at or behind the main structure. Key lots have two (2) front yards.
Rear Yard:	Ten feet (10') minimum.
Side Yard:	Five feet (5') minimum.
	Fifteen feet (15') minimum when adjacent to street.
Lot Width:	Sixty feet typical (60') at building line; twenty feet (20') minimum (@ right-of-way) on cul-de-sac lots and knuckle lots, flag lots are allowed.
Lot Depth:	One hundred ten feet (110') minimum.
	Eighty-five feet (85') minimum on cul-de-sac lots.
Garage Orientation:	May face the street. Front facing garages must be flush or setback to align with the front façade of the house. J-Swing garages are allowed. J-Swing garages can encroach the front setback up to five feet (5').

CONDITIONAL USES

Uses allowed as conditional uses in the SF-R District (Section 14.03.008) as outlined in the City of Celina Zoning Ordinance No 2017-30, as amended.

DISTRICT REGULATIONS

It is the intent of this Ordinance that all uses permitted by the Planned Development conform to the applicable City of Celina development guidelines as they exist at the time of development.

OTHER DEVELOPMENT REGULATIONS

HOMEOWNERS/PROPERTY OWNERS ASSOCIATION

Homeowner Association(s) will be established as each residential or nonresidential parcel of land is developed. The PD shall contain one or multiple Homeowner/Property Owner Association(s).

OPEN SPACE

The PD will dedicate one acre of open space for every 75 dwelling units. A minimum of 2.0 acres shall be non-floodplain open space. The remaining open space acreage may consist of any pervious areas including publicly accessible detention/drainage facilities (wet ponds included), natural open space

areas including floodplain, open spaces with easements passing through, open spaces with walking, hiking, and/or bike trails, and public or private parks. Any detention/drainage areas counted toward the open space requirement shall be landscaped and amenitized with benches and sidewalks on a minimum of three (3) sides. The Open Space and mews shall be owned and maintained by the Homeowner Association. Trees shall be allowed in side yards on mew lots. The amenities may include, but are not limited to; community pool, restrooms, playground/children’s playscape, hike and bike trail, and landscaped open areas.

CONCEPT PLAN

The Concept Plan attached hereto as Exhibit B, and incorporated herein by references, demonstrates locations and relationships of the uses permitted under this PD. Because of anticipated development dynamics, it is anticipated that the overall Concept Plan will change from time to time.

An amendment to a concept plan approved as a part of the ordinance establishing the planned development district is a change in zoning district classification and must follow the same procedures set forth in Section 14.02.152, except the director of planning and development may approve minor revisions which do not alter the basic relationship of the proposed development to adjacent property, the uses permitted, increase the density, building height, coverage of site, off street parking ratio, or area regulations as indicated on the approved concept plan.

SCREENING & LANDSCAPE BUFFERS

Screening shall be required for lots adjacent to County Road 52 (Celina Parkway). Screening (8’ board on board fence) shall be required for lots adjacent to the entrance street as well as lots backing the cemetery property. Black metal tubular fence shall be required on lots adjacent to or backing on open spaces. Landscape buffers shall be required for all lots adjacent to the entrance road and County Road 52 (CR 52). The landscape buffer shall be ten feet (10’) in width along the entrance road. The landscape buffer shall be thirty feet (30’) along CR 52 with a meandering ten foot (10’) sidewalk in width along CR 52.

Memorandum

To: **Celina Planning and Zoning Commission**
 From: Ben Rodriguez, Senior Planner

 Re: RO, Retail Office District Amendments

Action Requested:

The Planning & Zoning Commission will conduct a public hearing to consider testimony and act upon an amendment to the City's Code of Ordinances, Chapter 14: Zoning, Article 14.03.007 RO- Retail and Office District. (RO, Retail Office District Amendments)

Background Information:

Staff is proposing amendments to the RO, Retail Office Zoning District that will help facilitate the development of retail and office developments.

Currently the Retail Office zoning district has a 5 acre maximum lot size, this makes it very difficult for land owners to develop non-residential products without applying for a Planned Development District. Many retail centers are developed on properties that are larger than 5 acres in size. It is hoped that removing the acreage requirement will streamline the development process for retail and office developments.

Additionally, staff is proposing the separation of integrated and standalone drive-through restaurants. Currently all drive-through restaurants are required to obtain a Conditional Use Permit (CUP) prior to development. Staff is proposing allowing standalone drive-through restaurants by right, while requiring that all drive-through restaurants integrated into a building such as in a gas station or strip center obtain a CUP prior to development. Staff is also removing the CUP requirement from uses that sell alcoholic beverages, this is intended to bring us in line with State Law, which discourages treating alcohol uses differently than non-alcohol uses in cities that have voted for the sale of alcoholic beverages via an election.

Finally, staff is revising the facade plan review procedure for the Retail Office district. Within the RO district, facade plans are required to go to City Council for approval. Typically this is handled through the site planning process, which does not go to City Council for approval provided that the development meets all of the City's requirements. Staff's proposal will treat facade plans within the Retail Office district the same as the other zoning districts throughout the City.

 Re: Jalopies GDP

Action Requested:

Consider and act upon a General Development Plan for Jalopies, being an ±25 acre tract of land situated in the Arthur A. Norwood Survey, Abstract No. 969, the property is generally located west of Smiley Road, south and east of FM 428, north of Carey Road. (Jalopies GDP)

Background Information:

The property proposed for the Jalopies development is located in Celina's Extraterritorial Jurisdiction, therefore the city's main function in reviewing the GDP is to ensure our Subdivision Ordinance regulations are met.

This would include the following:

- Concrete fire lanes;
- Drainage/detention requirements;
- Right-of-Way dedication for Smiley Road; as well as
- Adhering to the 2012 International Fire Code with NCTCOG amendments as adopted by the City.

The property is located in Mustang Special Utility District's CCN for wastewater, and Aqua Texas' CCN for water. The developer will be required to coordinate with both entities to ensure they have sewer and water services to serve the development at the time of Construction Platting. The City will not recommend approval of a Construction Plat before the utility providers have signed off on the plans, or the alternative methods laid out on the GDP for septic and water suppression storage will have to meet all requirements.

NOTES

1. Selling a portion of this addition by metes and bounds is a violation of city ordinance and state law, and is subject to fines and withholding of utilities and building permits.

2. The undersigned does hereby covenant and agree that he or she or they shall construct upon the fire lane easements, as dedicated as shown hereon, a hard surface in accordance with the City of Celina's paving standards for fire lane, and that he or she or they shall maintain the same in a state of good repair at all times and keep the same free and clear of any structures, fences, trees, shrubs, or other improvements or obstruction, including but not limited to the parking of motor vehicles, trailers, boats or other impediments to the accessibility of fire apparatus.

3. The undersigned does hereby covenant and agree that the access easement may be utilized by any person or the general public for ingress and egress to public vehicular and pedestrian use and access, and for Fire Department and emergency use in, along, upon and across said premises, with the right and privilege at all times of the City of Celina, its agents, employees, workmen and representatives having ingress, egress, and regress in, along, upon and across said premises.

4. The area or areas shown on the plat as "VAM" (visibility, access and maintenance) easement(s) are hereby given and granted to the city, its successors and assigns, as an easement to provide visibility, right of access for maintenance upon and across said VAM easement. The city shall have the right but not the obligation to maintain any and all landscaping within the VAM easement. Should the city exercise this maintenance right, then it shall be permitted to remove and dispose of any and all landscaping improvements, including without limitation, any trees, shrubs, flowers, ground cover and fixtures. The city may withdraw its maintenance of the VAM easement at any time. The ultimate responsibility for the VAM easement shall rest with the owners. No building, fence, shrub, tree or other improvements or growths, which in any way may endanger or interfere with the visibility, shall be constructed in, on, over, or across the VAM easement. The city shall also have the right but not the obligation to add any landscape improvements to the VAM easement, to erect any traffic control devices or signs on the VAM easement and to remove any obstruction thereon. The city, its successors, assigns, or agents shall have the right and privilege at all times to enter upon the VAM easement or any part thereof for the purposes and with all rights and privileges set forth herein.

5. The ownership, care and maintenance of all open space(common area lots is the responsibility of the HOA.

6. Detention pond to be maintained by the HOA.

7. This plat is hereby adopted by the Owners and approved by the City of Celina (called "City") subject to the following conditions which shall be binding upon the Owners, their heirs, grantees, successors and assigns: Lot 25X and Lot 33X as shown on the plat are called "Drainage and Detention Easement." The Drainage and Detention Easement within the limits of this addition, will remain accessible at all times and will be maintained in a safe and sanitary condition by the owners of the lot or lots that are traversed by or adjacent to the Drainage and Detention Easement. The City will not be responsible for the maintenance and operation of said Easement or for any damage to private property or person that results from conditions in the Easement, or for the control of erosion. No construction of any type of building, fence or any other structure within the Drainage and Detention Easement, as herein above defined shall be permitted, unless approved by the City Engineer. Provided, however, it is understood that in the event it becomes necessary for the City to erect or consider erecting any type of drainage structure in order to improve the storm drainage that may be occasioned by drainage in or adjacent to the subdivision, then in such event, the city shall have the right to enter upon the Drainage and Detention Easement at any point, or points, to investigate, survey or to erect, construct and maintain any drainage facility deemed necessary for drainage purposes. Each property owner shall keep the Drainage and Detention Easement clean and free of debris, silt, and any substance which would result in unsanitary conditions or obstruct the flow of water, and the city shall have the right of ingress and egress for the purpose of inspection and supervision of maintenance work by the property owner to alleviate any undesirable conditions which may occur. The natural drainage through the Drainage and Detention Easement is subject to storm water overflow and natural bank erosion to an extent which cannot be definitely defined. The City shall not be held liable for any damages of any nature resulting from the failure of any structure or structures, within the easement.

8. All corners set are 5/8 inch iron rods with plastic cap stamped "Peloton" unless otherwise noted.
